

FEEDBACK PLEASE!

I'm currently working through a personal development program, and one of the activities requires me to seek feedback on how other people experience me. I'd appreciate it if you could answer these questions and return your responses within a week - **Thank you!**

What are this person's 3 strength areas? How do you know?

What are 3 growth areas? Why?

What is 1 thing that you really admire about this person?

What are 3 driving areas in this person's life?

What do they really value?

If you weren't going to see them for 5 years, what one piece of advice would you give to make a real difference in their life?
